

Mushroom slicer

Instruction manual

DESCRIPTION

Through the application of the mushroom cutter, you are able to cut, in no time at all, fruit and vegetables into even slices; mushrooms, radishes, strawberries and apples for salads or as additions to meals. 10 ground stainless steel blades make work in the kitchen so much easier. Take care as the cutting of hard objects (carrots etc.) can damage the sharpened blades!

HOW TO USE

Slide the black pressure point (1) on the handle (2) upwards and unlock the handle.

Open the upper part (3) and place the mushroom onto the ground stainless steel blades (4). (Large mushrooms should be reduced in size beforehand.)

Press the two handles (2+5) fully together and you are ready!

Using pressure from the left hand (6), you can cut mushrooms, radishes,

strawberries, kiwis, apples and hard-boiled potatoes into even slices in no time at all, and without using unnecessary force. After cleaning press both handles together by sliding the black pressure point (1) downwards; this locks the handle and protects the sharp blades.

MAINTENANCE

We recommend cleaning the mushroom cutter before first using. Wash by hand under running water or in the dishwasher with normal dishwashing detergents. Do not use abrasive pads or aggressive chemicals! To achieve a 100% cleaning effect, clean the mushroom cutter in the opened position.

At Status we carry out the whole life cycle of our products. We take care of development, manufacture, market communication and sales, as well as provide a service centre for our users. We continuously complement our products with the wish to accommodate our users, who are our first and last checkpoint.

We strive to make **Status - kitchen innovations** a brand of high-quality products that are efficient and easy to use. Our range of products includes **products for storing food in vacuum as well as without vacuum, utensils for cooking and preparing food, home equipment products** and others.

Manufacturer: **Status d.o.o. Metlika, Ulica Belokranjskega odreda 19, 8330 Metlika, Slovenia +386 (0)7 36 91 230**
