

Multipurpose slicer

Instruction manual

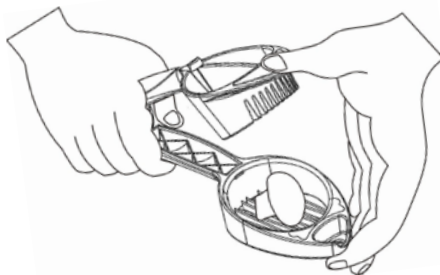

DESCRIPTION

Making salads and food decorations is perfect task for multipurpose slicer. You are able to cut, in no time at all, fruit and vegetables into even slices; mushrooms, radishes, strawberries, kiwis, cucumbers, bananas, apples, boiled eggs, potatoes... 10 ground stainless steel blades make work in the kitchen so much easier.

HOW TO USE

- Slide the black pressure point on the handle upwards and unlock the handle.
 - Open the upper part and place the item onto the ground stainless steel blades. Large items should be reduced in size beforehand.
- Using pressure from the left hand, you can cut mushrooms, radishes, strawberries, kiwis, apples and potatoes into even slices in no time at all, and without using unnecessary force.
 - After cleaning press both handles together by sliding the black pressure point downwards; this locks the handle and protects the sharp blades.

MAINTENANCE

We recommend cleaning the multipurpose slicer before first using. Wash by hand under running water or in the dishwasher with normal dishwashing detergents. Do not use abrasive pads or aggressive chemicals.

At Status we carry out the whole life cycle of our products. We take care of development, manufacture, market communication and sales, as well as provide a service centre for our users.
